SPORTSMAN High Frequency Chargers

KEY CHARGER FEATURES

- Designed for use in fresh and saltwater
- Independent outputs – No shared amperage
- Selectable Charge Algorithms –FLA, AGM, LiFePO4*
- IP 67
- Reverse Polarity Protected
- Ignition Protected (US Coast Guard 33 CFR 183.410)
- CE compliant, Meets ISO 8846 marine standards
- Float Maintenance Mode
- Output current will not taper like competitors
- Three year warranty

SS4HF - *Four 10 Amp Banks - 40 Amp total output*
SS3HF - *Three 10 Amp Banks - 30 Amp total output*
SS2HF - *Two 10 Amp Banks - 20 Amp total output*

FASTEST CHARGE (in class) | **10 AMPS PER BANK** | **INDEPENDENT CHARGING** | **LITHIUM COMPATIBLE** | **MEETS IP67** | **3 YEAR WARRANTY**

111925

(*Works with most 12V Lithium (LiFePO4) batteries. Contact PCS to be sure your lithium battery manufacturer is approved.)

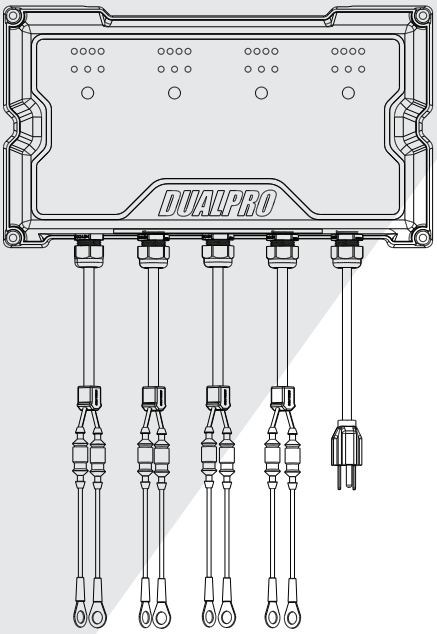
SPORTSMAN HIGH FREQUENCY CHARGERS

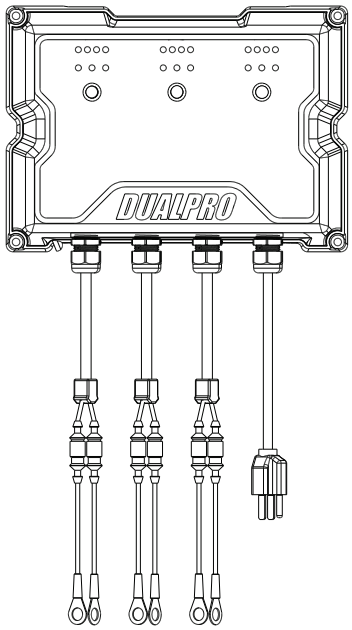
DATA SHEET

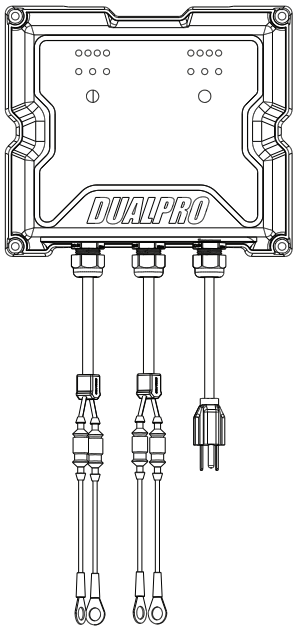
PRO Charging Systems

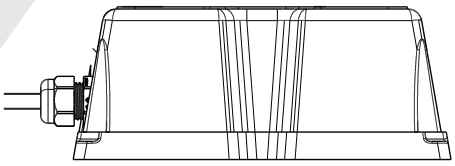
Why DualPRO?

DualPro chargers have set the standard in the marine industry for more than three decades, known as the safest, most reliable, and best performing chargers in the industry. No matter if you choose Wet Cell, AGM or Lithium batteries for your boat, SSHF chargers are ready to keep your boat on the water longer, enhancing battery performance and extending battery life.









Drawings above are not to scale.

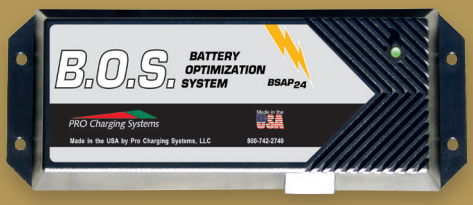
Additional features:

- *Low voltage turn on.*
- *Does not taper like competitors.*
- *True reverse polarity protection.*
- *You may select battery type for each independent bank.*
- *Rugged polymer case.*

Model	Description	Independent Outputs	Total Output	Weight Per Unit	Size Per Unit	Battery System
SS2HF	Two 10 AMP Banks	Yes	20 Amps	7.2 lbs	3.25" x 8.0" x 9.3"	12V, 24V
SS3HF	Three 10 AMP Banks	Yes	30 Amps	9.2 lbs	3.25" x 8.0" x 11.25"	12V-36V
SS4HF	Four 10 AMP Banks	Yes	40 Amps	11.2 lbs	3.25" x 8.0" x 14.4"	12V-48V

Included:
6' DC charge cables
6' AC power cord
4 screws included

Battery Gauge



B.O.S. (Battery Optimization System)

***Add on ...** a Battery Gauge for accurate battery level readings at a glance or a B.O.S. that actively shuttles energy between batteries to keep "the pack" balanced, increasing battery strength and longevity.*

Both accessories include the PROView Link® app to monitor the condition of your batteries and view additional data from your phone or tablet.
