Energizer®

All-In-one

- ✓ Air compressor, power inverter and vehicle jumpstarter
- ✓ Easy-to-use controls and graphics

All-In-One - UPG No. 84020

AIR

- ✦ 250 PSI internal air compressor capable of inflating an automobile tire in 10 minutes
- ✦ Pressure gauge and ON/OFF switch on outside
- ✦ Compressor is thermally protected from overheating
- ✦ Strong, fabric-covered output hose with clamp-on valve stem coupler

JUMP

- ✦ 12V, 18Ah sealed lead-acid battery capable of delivering 400 CA
- ✦ Large, easy-to-use ON/OFF rotary switch to prevent sparking
- ✦ 4 gauge cables, 29" reach
- ✦ Battery status indicator to signify the charge-state of the internal battery
- ✦ Heavy duty, 400A insulated metal battery clamps
- ✦ Shorted clamps audio alarm
- ✦ Reverse polarity audio alarm

POWER

- ✦ Two 12V DC power sockets for powering 12V accessories; protected with a 30A manual-reset circuit breaker
- ✦ Ergonomic handle; doubles as protective housing for docked clamps
- ✦ 12V 1 amp internal battery charger
- ✦ Two-stage charger allows for charger to be connected to wall outlet indefinitely
- ✦ The internal battery can be maintained at a full charge at all times
- ✦ 200 watt, DC/AC internal power inverter; ON/OFF switch and AC power outlet; fan-cooled

Energizer®

Jumpstarters

.200
.400

Jumpstart 400 shown with optional 200W Power Inverter*.
Inverter Docking Feature for the Jumpstart 400.
(*Energizer®200W Inverter sold separately.)

Jumpstart 200 - UPG No. 84021
Jumpstart 400 - UPG No. 84022

Jumpstart 200 Features

- + 12Ah battery delivers 200 CA
- + Rugged polypropylene case
- + Low center-of-gravity for stability during use
- + 6 gauge cables, 19" reach
- + Heavy duty, 400A insulated metal battery clamps
- + Two-stage internal charger allows jumpstarter to remain connected to wall outlet indefinitely; keeping internal battery charged at all times.
- + Easy-to-operate ON/OFF switch to prevent sparking
- + 12V DC socket for operating accessories; protected by 15A circuit breaker

Jumpstart 400 Features

- + Large sealed lead-acid battery providing 400CA
- + Rugged polypropylene case
- + Low center-of-gravity for stability during use
- + 4 gauge cables, 29" reach
- + Heavy duty, 400A insulated metal battery clamps
- + Two-stage internal charger allows jumpstarter to remain connected to wall outlet indefinitely; keeping internal battery charged at all times
- + Large, comfortable handle
- + Reverse-polarity audio alarm
- + Internal battery charge-state indicator
- + Internal battery charging indicator
- + 12V DC socket outlet; protected by 30A circuit breaker

Energizer®

inverters

- ✓ Run plug-in tools and appliances wherever you go
- ✓ Neat, compact cord control

• 200W
• 400W
• 1000W

200W Inverter - UPG No. 84023
400W Inverter - UPG No. 84024
1000W Inverter - UPG No. 84025

Features

- ⊕ Wide range, DC voltage input; 11VDC to 15.5VDC
- ⊕ Advanced PWM technology for greater efficiency; higher continuous output (Pulse Wave Modulation)
- ⊕ Full output load capacity is available instantly
- ⊕ Low input voltage alarm & shut-down
- ⊕ High input voltage shut-down
- ⊕ Overload protection & shut down
- ⊕ Short circuit protection & shut down
- ⊕ Internal cooling fan
- ⊕ Digital display of output voltage
- ⊕ Multiple AC output sockets; mounted on top of inverter for convenience
- ⊕ USB charging port (Available on 200W & 400W inverters)

chargers & maintainers

- ✓ Charges and maintains sealed lead-acid batteries in boats, motorcycles, ATVs, snowmobiles and other vehicles
- ✓ Conveniently and safely maintains battery charge while in storage without having to disconnect from vehicle

• 12V 1A
• 12V 2A
• 12V 4A

Maintainer 1000 - UPG No. 84026
Maintainer 2000 - UPG No. 84027
Maintainer 4000 - UPG No. 84028

Features

- ⊕ Switch-mode power for better efficiency, reliability
- ⊕ Physically small and light-weight
- ⊕ Full 3-stage charger, not just a battery maintainer
- ⊕ Short-circuit protected
- ⊕ Reverse polarity protected
- ⊕ Back-feed protected
- ⊕ Three color charge-stage indicator
- ⊕ Multiple output cords; ring-terminal for permanent mount or battery clamps for random charging
- ⊕ Plastic case for electric shock protection
